

## The TrueCall Unlimited Opportunity

TrueCall Unlimited is a very unique and enterprising business opportunity. TrueCall offers both a **product** that can be found in everyone's pocket or purse and a **service** that everyone uses.

TrueCall distributors do not have to sell anything to their customers because the customers are already using what TrueCall Unlimited offers. All TrueCall distributors have to do is transfer customers to the TrueCall prepaid cell phone service plans, thus helping their customers save money!

With TrueCall Unlimited, Independent Business Owners have the opportunity to offer customers the best prepaid cell phone service plans and equipment at reduced costs. The TrueCall service plans have **NO** annual contracts, **NO** overage charges, **NO** regulatory fees, **NO** credit checks, **NO** deposits, and **NO** termination fees. What a savings for customers!

TrueCall offers a lucrative [Compensation Plan](#) and a business that can be quickly and successfully built part-time or full-time with flexible working hours. We believe that starting the TrueCall business on a part-time basis and setting a small, attainable goal of as little as \$500.00 income per month could very well lead to a lifetime opportunity with TrueCall.

The [Compensation Plan](#) offers the entrepreneur the opportunity to gather loyal customers who continue to use their cell phone service plans and generate bonus income month after month. That's recurring and unlimited income and is earned over and over by simply helping customers save money!

TrueCall Unlimited also offers entrepreneurs the opportunity to invite others to join them in the TrueCall business and mentor these new business persons to do what the entrepreneur is doing – developing a business. For helping others develop their new businesses, the entrepreneurs/mentors will earn leadership and other bonuses. The leadership and other bonuses grow exponentially and are unlimited as each Independent Business Owner develops his/her business and helps others to do likewise.

TrueCall Unlimited is calling interested entrepreneurs to join our team of Independent Business Owners and become a part of the new and innovative TrueCall business opportunity.
